Safety

Wash your hands often and use hand sanitizer when out and about.
Practice physical distancing and always cover your mouth if you cough or sneeze.
Stay home if you aren't feeling well.

Contact Tracing

Depending on the level of community spread, local and state public health departments may need to implement mitigation strategies for public health functions to identify cases and conduct contact tracing. When applied, community mitigation efforts may help facilitate public health activities like contact tracing.

The roster form will clearly outline the purpose and importance of the document.

The roster form will be provided to each team manager to list all players and coaches names and contact information to include phone number, mailing address, and email address.

The roster form will require participants under the age of 18 to include parent contact information, or adult equivalent. At least two contacts should be provided for each youth participant.

This roster form will be available at registration and/or be sent out electronically to all team managers prior to any team function.

A completed and submitted roster form will be required before participation in any aspect of the sport.

For outside rental groups, such as tournament directors, the same information will be required for each team by the renting organization.

Once completed, the form will be returned and kept with the agency.

If a positive COVID-19 case is reported from any participant or spectator, the agency will notify the local health department to provide details and to seek direction. Once directed by the health department, all individuals/families on the roster form will be notified that they may have been exposed to COVID-19. The hosting agency will provide each individual/family guidance provided by the local health department.

Sports Travel

In-state travel is allowed unless a local jurisdiction prohibits travel for sports teams to their county. Out-of-state team travel is prohibited in Phase Two.

All travel is allowed in Phase Three unless a county or state prohibits travel to their respective area.

Mass Gathering Clarification

Because there has been a lot of confusion about mass gatherings, we wanted to add the following clarification: the mass gathering provision means that facilities must avoid any instances in which more than 15 individuals are in one location and are unable to maintain 6 feet of distance with only infrequent or incidental moments of closer proximity. This does not limit the total occupancy of a facility or a field, but requires that facilities limit mass gatherings in areas and instances in which physical distancing cannot be maintained such as in entrances, lobbies, locker rooms, etc. You are able to have more than 15 individuals in one place, as long as they are able to maintain social distancing except for moments of infrequent or incidental contact. The purpose of this provision is to limit clusters of large crowds of spectators, teams, etc. where social distancing cannot be maintained.

Allowed Organized Sports

Programs have been determined to have a low, medium and high degree of physical contact, and allowed within the appropriate phase all include modified rules, intentional scheduling and guidelines to increase safety. High risk individuals are advised to continue to stay home except for essential needs. In all cases, spectators should be limited and social distance at all times.

VOLLEYBALL/BASKETBALL

PHASE 1

Closed, Signage Required

PHASE 2

Degree of Physical Contact and Allowed Activities	Volleyball has incidental physical contact. Basketball has frequent physical contact. Only individual / small group training, clinics, camps, and controlled practices are allowed. No games or tournaments.
Ratios & Groups	Spectators are required to practice social distancing. Each court would not exceed mass gatherings of 15. The mass gathering limit refers to the spectators who cannot social distance, not the player on the court.
Scheduling	Practices will be scheduled with a 15 minute buffer in between to prevent overlap of participants. Start times should be staggered where no more than half of the facility is changing over at any given time.
Hygiene	The benches and bleachers, for participant use only, will be disinfected between each practice, or whenever the participant group switches. Time will be made to allow the completion of this task.
Sports Equipment	The basketball/volleyball(s) will be disinfected before and after every clinic and practice. The sharing of sports equipment will be strongly discouraged.
Minimizing Physical Contact	Teams will not switch sides with each set in volleyball. Players will not huddle after each point, or at any point during, before, or after a practice. No hand slaps after practice. Sportsmanship will continue in a touchless manner.
Player Areas	Additional benches, chairs, or other equipment may be added to where substitutes sit to encourage spacing and social distancing.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons and players interactions.
Spectators	Consideration should be given to removing bleachers from the public to be able to access. Lines around restrooms, concession stands or otherwise throughout the event are discouraged; practice social distancing. Vulnerable populations should be asked to stay home.

Volleyball/Basketball (con't)

PHASE 3

Degree of Physical Contact and Allowed Activities	Volleyball has incidental physical contact. Basketball has frequent physical contact. Games and tournaments allowed.
Ratios & Groups	Spectators are required to practice social distancing. Each court would not exceed mass gatherings of 45. The mass gathering limit refers to the spectators who cannot social distance, not the player on the court.
Scheduling	Games and practices will be scheduled with a 15 minute buffer in between to prevent overlap of participants. Start times should be staggered where no more than half of the facility is changing over at any given time. Games may be played to completion.
Hygiene	The benches and bleachers, for participant use only, will be disinfected between each game and practice, or whenever the participant group switches. Time will be made to allow the completion of this task.
Sports Equipment	The basketball/volleyball(s) will be disinfected before and after every clinic and practice. The sharing of sports equipment will be strongly discouraged.
Minimizing Physical Contact	Teams will not switch sides with each set in volleyball. Players will not huddle after each point, or at any point during, before, or after a clinic, practice or game. No hand slaps after practice or game. Sportsmanship will continue in a touchless manner. Tournaments: awards ceremonies will not take place, the tournament director of the event will hand awards to coaches. Team pictures will be at the discretion of coaches and parents.
Player Areas	Additional benches, chairs, or other equipment may be added to where substitutes sit to encourage spacing and social distancing.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons and players interactions.
Spectators	Lines around restrooms, concession stands or otherwise throughout the event are discouraged; practice social distancing. Vulnerable populations should be asked to stay home. Tournaments: teams are encouraged to prepay gate fees.

PHASED OUT

Allowed Activities	No Restrictions
Ratios & Groups	No Restrictions
Scheduling	No Restrictions
Hygiene	Sportsmanship will continue in a touchless manner.
Sports Equipment	No Restrictions
Physical Contact	No Restrictions
Player Areas	No Restrictions
Signage	Signage will be displayed encouraging hand washing/healthy practices and social distancing.
Spectators	Lines around restrooms, concession stands or otherwise throughout the event are discouraged; practice social distancing. Vulnerable populations should be asked to stay home. Tournaments: teams are encouraged to prepay gate fees. When using a tent, please restrict it to family members only.

SOFTBALL/BASEBALL/FASTBALL/T-BALL

PHASE 1

Closed, Signage Required

PHASE 2

Degree of Physical Contact and Allowed Activities	Softball, Fastpitch, and Baseball all have a low degree of physical contact. Controlled workouts, controlled practices, clinics, modified rule games and modified rule tournaments are allowed.
Ratios & Groups	Spectators are required to practice social distancing. Each ball diamond would not exceed mass gatherings of 15. The mass gathering limit refers to the spectators who cannot social distance, not the participants on the field.
Scheduling	Practices will be scheduled with a 15 minute buffer in between to prevent overlap of participants. GAMES will be scheduled with a 30 minute buffer in between to prevent overlap of participants and spectators. Start times should be staggered where no more than half of the complex is changing over at any given time. Games may end in a draw if time expires.
Hygiene	The benches and bleachers, for participant use only, will be disinfected between each game and practice, or whenever the participant group switches. Time will be made to allow the completion of this task. The use of dugout water coolers and otherwise shared water bottles will not be allowed. Teams are required to clean their dugout of all trash and other items before and after each game, and to wipe down hard surfaces such as benches, bat racks, etc. with sanitizing products. Two disinfecting stations per field for patrons use. Facility attendants will spray disinfectant on hand rails and other commonly-used touch points frequently.
Sports Equipment	The game ball(s) will be disinfected before and after every clinic, game and practice. Each team will pitch with their own balls to limit ball contact to players of the same team. The umpire will not have contact with the ball. Teams need to have balls ready for when a ball goes out of play. The sharing of catchers equipment will not be allowed. The sharing of sports equipment (helmets and bats) is strongly discouraged, if sharing is necessary, coaches must disinfect equipment between each use.
Minimizing Physical Contact	Managers meeting at home plate should be limited to one coach from each team, plus the umpires. No players at the plate meeting. Limit bench/dugout to essential team personnel. Players will not huddle at any point during the game/practice. Sportsmanship will continue in a touchless manner - no handshakes/slaps/fist bumps after games. Tournaments - Awards ceremonies will not take place, however the Tournament Director of the event will hand awards to the coaches. Team pictures will be at the discretion of coaches and parents.
Player Areas	The batting team may have half of their team in the dugout, practicing social distancing. The other half will be outside the field, practicing social distancing. Participants may use the bleachers if disinfected between each inning.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. To discourage spitting, no sunflower seeds will be allowed. One-way signage and/or tape should be used to limit patrons and players interactions.
Spectators	Lines around restrooms, concession stands or otherwise throughout the event are discouraged; practice social distancing. Vulnerable populations should be asked to stay home. Tournaments: teams are encouraged to prepay gate fees. When using a tent, please restrict it to family members only.

Softball/ Baseball/ Fastball/ T-Ball (con't)

PHASE 3

Degree of Physical Contact and Allowed Activities	Softball, Fastpitch, and Baseball all have a low degree of physical contact. Controlled workouts, controlled practices, clinics, modified rule games and modified rule tournaments are allowed.
Ratios & Groups	Spectators are required to practice social distancing. Each ball diamond would not exceed mass gatherings of 45. The mass gathering limit refers to the spectators who cannot social distance, not the participants on the field.
Scheduling	Games and practices will be scheduled with a 15 minute buffer in between to prevent overlap of participants. Start times should be staggered where no more than half of the facility is changing over at any given time. Games may be played to completion.

ATHLETIC FACILITIES

PHASE 1

Closed, Signage Required

PHASE 2

Staffing	All staff will follow KDHE Guidelines.
Menu	Consider providing a limited menu. No self-service options allowed. Condiments upon request.
Payment	If possible, cashless/pre order options will be used.
Hygiene	Hand sanitizer should be made available for staff and public at registers. Disinfect registers before/after each shift. Service counters and other high touch areas will be disinfected frequently.
Customer Lines	Ground marks for social distancing. Patrons will be asked to adhere.
Restrooms	Staff will shut down and sanitize restrooms every 2 hours, or every other game.
Gate	Gate collection will not be allowed.
Signage	Signage will be displayed encouraging hand washing/healthy practices and social distancing. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons and players interactions.
Spectators	Lines around restrooms, concession stands or otherwise throughout the event are discouraged; practice social distancing. Vulnerable populations should be asked to stay home. Tournaments: teams are encouraged to prepay gate fees. When using a tent, please restrict it to family members only.

Athletic Facilities (con't)

PHASE 3

Staffing	All staff will follow KDHE Guidelines.
Menu	No self-service options allowed. Condiments upon request.
Payment	If possible, cashless/pre order options will be used.
Hygiene	Hand sanitizer should be made available for staff and public at registers. Disinfect registers before/after each shift. Service counters and other high touch areas will be disinfected frequently.
Customer Lines	Ground marks for social distancing. Patrons will be asked to adhere.
Restrooms	Staff will shut down and sanitize restrooms every 4 hours, or every 4 games.
Gate	Gate collection will be allowed with precautions; encouraged to prepay gate fees. Hand sanitizer will be readily available for workers and public at gate.
Signage	Signage will be displayed encouraging hand washing/healthy practices and social distancing. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons and players interactions.
Spectators	Lines around restrooms, concession stands or otherwise throughout the event are discouraged; practice social distancing. Vulnerable populations should be asked to stay home. Non-Contact Sports Reopening Guidelines

Example: Gymnastics

PHASE 1

Closed, Signage Required

PHASE 2

Degree of Physical Contact and Allowed Activities	Programs that have been determined to have a low degree of physical contact.
Ratios & Groups	Spectators are required to practice social distancing. Each gym would not exceed mass gatherings of 15. The mass gathering limit refers to the spectators who cannot social distance, not the participants.
Scheduling	Follow scheduling practices that conform with management of max occupancy guidelines and accommodate a 15 minute buffer to allow for transitioning between classes.
Sanitation & Cleaning	All sanitation and cleaning will follow industry specific guidelines.
Hygiene	Apparatuses will be disinfected before and after every class. The parent seating area and personal belonging area will be disinfected between each class. Time will be made to allow for the completion of this task.
Sports Equipment	Apparatus work will be allowed but the foam pit will continue to be off limits. Equipment should not be shared when possible and will be sanitized before and after each session.
Minimizing Physical Contact	Activities require physical distancing. Rotations will ensure same groups remain together and don't intermix and the number of individuals allowed in specific areas may be limited to further encourage physical distancing.
Check-in Procedure	Staff will greet child and parent at designated area and sign the child in. Personal belongings will be placed in the designated area.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons and players interactions.
Spectators	Parents/guardians are asked to consider staying in their cars during their participant's class. To achieve physical distancing, spectator seating areas will be reduced. Vulnerable populations should be asked to stay home.

Non-Contact Sports (con't)

PHASE 3

Degree of Physical Contact and Allowed Activities	Programs that have been determined to have a low degree of physical contact.
Ratios & Groups	Spectators are required to practice social distancing. Each gym would not exceed mass gatherings of 45. The mass gathering limit refers to the spectators who cannot social distance, not the participants.

Facility attendants will spray disinfectant on hand rails and other commonly-used touch points frequently.
Sports Equipment	The game ball(s) will be disinfected before and after every game and practice. The sharing of sports equipment is not allowed.
Minimizing Physical Contact	Players will not huddle after at any point during, before, or after a clinic and practice. No hand slaps after practice. Sportsmanship will continue in a touchless manner.
Player Areas	Social Distancing at all times required. Sportsmanship will continue in a touchless manner.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons and players interactions.

Pickleball/Tennis (con't)

PHASE 3

Degree of Physical Contact and Allowed Activities	Singles requires no physical contact. Doubles has incidental physical contact.
Ratios & Groups	Spectators are required to practice social distancing. Each court would not exceed mass gatherings of 45. The mass gathering limit refers to the spectators who cannot social distance, not the player on the court.
Scheduling	Games and practices will be scheduled with a 15 minute buffer in between to prevent overlap of participants. Start times should be staggered where no more than half of the facility is changing over at any given time. Games may be played to completion.
Hygiene	The benches and bleachers, for participant use only, will be disinfected between each game and practice, or whenever the participant group switches. Time will be made to allow the completion of this task. One disinfecting station per court for patrons use. Facility attendants will spray disinfectant on hand rails and other commonly-used touch points frequently.
Sports Equipment	The game ball(s) will be disinfected before and after every game and practice. The sharing of sports equipment is not allowed.
Minimizing Physical Contact	Sportsmanship will continue in a touchless manner - no handshakes/slaps/fist bumps after games.
Player Areas	Social Distancing at all times required. Sportsmanship will continue in a touchless manner.
Signage	Signage will be displayed encouraging hand washing/healthy practices and social distancing.

PHASED OUT

Additional Notes	No Restrictions

THEMED CAMP REOPENING GUIDELINES

Licensed Childcare and Camp Guidelines will be released per KDHE requirements as soon as possible

PHASE 1

Closed

PHASE 2

Closed

PHASE 3

Ratios & Groups	45 people per active use zone if social distancing not possible.
Square Feet/ % of Licensed Capacity	36 sq. ft. per person represents social distancing. 1:15, same children in group with same staff each day, limited intermingling of groups.
Sanitation & Cleaning	Clean, sanitize, and disinfect frequently touched surfaces throughout the day. Maintain daily opening and closing sanitation schedule to ensure cleanliness.
Hygiene	Reinforce frequent and proper handwashing upon check-in, every hour and anytime someone touches their face, sneezes or coughs.
Transportation	Transport limited to 30 minutes on bus or van.
Check-in/ Check-out Procedures	Staff will meet parents at designated entrance and will sign in/out each child (no sharing of pens).
Programming	Activities should encourage social distancing, shared supplies and equipment should be disinfected throughout the day, larger group activities should be limited to 20 minutes, not to exceed 30 children at one time.
Food & Beverages	Food and beverages should be served in individual portions (not family style) and utensils should not be shared (disposable cups, plates, and utensils should be used when possible). Children bringing lunches from home should bring them in a disposable bag when possible. Meals and snacks should be consumed with assigned group and should not share space with other groups when eating. Careful cleaning and sanitizing procedures will be followed before and after food consumption.
Visitors	Restrict parent access to sign-in/sign-out area at entrance of facility, maintain detailed visitor log of all persons entering facility.
Additional Notes	Personal items should be contained and remain separate from other children's belongings.

THEMED CAMP REOPENING GUIDELINES (con't)

PHASED OUT	
Ratios & Groups	1:15 groups with same staff when possible.
Square Feet/ % of Licensed Capacity	Operate at Capacity, School Age programs not to exceed 100 children per space.
Sanitation & Cleaning	Clean, sanitize, and disinfect frequently touched surfaces throughout the day. Maintain daily opening and closing sanitation schedule to ensure cleanliness.
Hygiene	Reinforce frequent and proper handwashing upon check-in and anytime someone touches their face, sneezes or coughs.
Transportation	Practice social distancing and minimize time on bus/van when transporting children.
Check-in/ Check-out Procedures	Parents will sign in/out each day. Programs should have a method of minimizing the transfer of germs from pens.
Programming	Activities should encourage social distancing, shared supplies and equipment should be disinfected as needed, and when receiving heavy use.
Food & Beverages	KDHE Regulations should be followed with regard to food service. Careful cleaning and sanitizing procedures should be followed before and after food consumption.
Visitors	All visitors should check in with staff before entering the facility.
Additional Notes	Staff should monitor children and other staff for signs and symptoms of illness and follow exclusion and reporting guidelines.

OUTDOOR POOLS

PHASE 1

Closed, Signage Required

PHASE 2

Closed, Signage Required

PHASE 3

Ratios & Groups	Each activity zone would not exceed mass gatherings of 45. The mass gathering limit refers to the patrons who cannot social distance.
Square Feet/ % of Licensed Capacity	36 sq. ft. per person represents social distancing.
Sanitation & Cleaning	Enhanced cleaning schedule including frequent checks of facility based on usage. Follow CDC guidelines for cleaning. Provide cleaning stations in every activity zone.
Equipment	Clean and disinfect all staff equipment after each use. Items such as lounge chairs and toys should be limited and spaced to comply with social distancing and frequent sanitation procedures implemented.
Minimizing Physical Contact	All employees are encouraged to wear PPE* and wash their hands frequently. Patrons are encouraged to wear PPE when it's safe and/or comfortable to do so and take a head to toe cleansing shower prior to entering the pool area. (*This does not apply to on-duty lifeguards)
Hygiene	All employees are encouraged to wear PPE* and wash their hands frequently. Patrons are encouraged to wear PPE when it's safe and/or comfortable to do so and take a head to toe cleansing shower prior to entering the pool area. (*This does not apply to on-duty lifeguards)
Check-in/ Check-out Procedures	The use of touch pads or sign in sheets should not be used. Utilize staff to sign in and out all users. Provide barriers for staff when possible. Use electronic payment as much as possible.
Programming	For swimming lessons, family units need to be utilized until children are water competent and eliminate partner workouts, sharing equipment, etc.
Food & Beverages	All staff will follow KDHE Guidelines.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons interactions. Restricting touching surfaces as much as possible.
Restrooms/Locker Rooms	Enhanced cleaning schedule including frequent checks of facility based on usage. Follow CDC guidelines for cleaning.

PHASED OUT

No Restrictions

GALLERIES / MUSEUMS/ ART STUDIOS

PHASE 1

Closed, Signage Required

PHASE 2

Ratios & Groups	Each activity zone would not exceed mass gatherings of 15. The mass gathering limit refers to the patrons who cannot social distance.
Square Feet/ % of Licensed Capacity	36 sq. ft. per person represents social distancing.
Sanitation & Cleaning	Clean, sanitize, and disinfect handrails and door handles (bathroom, museum entrance) after every tour, as well as frequently touched parts of the exhibit. Interactives shut down to limit touching. Maintain daily opening and closing sanitation schedule.
Hygiene	Provide opportunity for proper handwashing upon check in and encourage use of hand sanitizer station in museum. Encourage visitors and staff to use masks. Ask guests to limit touching of items in museum for safety.
Check-in/ Check-out Procedures	Online Payments and tour booking are encouraged through the website, a third-party vendor, or by calling the facility. In person payments must be scheduled with staff.
Tours	Recommended self-guided or pre-booked tours of exhibit.
Programming	Recommended timed entry every 15 minutes. Recommend pre-scheduled groups of 14 with 1 tour guide. Activities should encourage physical distancing, supplies and equipment should not be shared when possible and sanitized between each use if shared.
Gift Store	Recommended that most popular items displayed behind counter to limit touching, install plexiglass barrier. Implement touchless transactions – no cash if possible.
Food & Beverages	Recommended food and beverages for programming should be served in individual portions (not family style) and utensils should not be shared (disposable cups, plates, and utensils should be used when possible). Careful cleaning and sanitizing procedures will be followed before and after food consumption.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons interactions. Restricting touching surfaces as much as possible.

Senior Centers (con't)

PHASE 3	
Ratios & Groups	Open for non-contact activities with adequate social distancing and gathering size limited to 30% of max. occupancy of each active use zone not to exceed mass gathering limits of 45.
Square Feet/ % of Licensed Capacity	36 sq. ft. per person represents social distancing.
Sanitation & Cleaning	Clean and disinfect according to CDC guidelines. Provide additional cleaning stations if available. Post instruction to users to clean equipment pre and post use at all contact points.
Equipment	Limited sharing of equipment. Must be cleaned and sanitized after every use.
Minimizing Physical	Maintain distancing guidelines in all areas. Equipment needs to be 6 ft apart or not used. Avoid activities in which physical distancing cannot be maintained.
Hygiene	Provide handwashing/hand sanitizer before and after each activity. Prop open any doors when possible. When possible limit the use of any electronic device.
Check-In/Check Out	The use of touch pads or sign in sheets should not be used. Utilize staff to sign in and out all users. Provide barriers for staff when possible. Use electronic payment as much as possible.
Programming	All scheduling for classes/programming will need to be modified to eliminate waiting and practice social distancing. Limit crowding at all pinch points when waiting occurs. Patrons must provide their own sweat towels and water bottles.
Food & Beverages	All kitchens and caterers should follow industry requirements for food service.
Non-participants	You must be participating in a class, participating in an activity or working out to be in the facility. All lobbies or social areas should remain closed.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to
Additional Notes	Given CDC guidance that all vulnerable individuals, including those aged 65+ and those with underlying chronic health conditions, should continue to shelter in place until there is no evidence of a rebound.

PHASE 4	
Ratios & Groups	No Restrictions
Licensed Capacity	No Restrictions
Sanitation & Cleaning	Return to normal cleaning schedule of facility based on CDC and facility guidelines.
Equipment	No Restrictions
Minimizing Physical	No Restrictions
Hygiene	No Restrictions
Check-In&Out	The use of touchless processes should be encouraged whenever possible.
Programming	No Restrictions
Food & Beverages	No Restrictions
Non-participants	No Restrictions
Signage	Agencies operating Senior Centers should get confirmation from local public health officials before moving to this phase.
Additional Notes	Agencies operating Senior Centers should get confirmation from local public health officials before moving to this phase.

MARINAS GUIDELINES

PHASE 1

Closed, Signage Required

PHASE 2

Ratios & Groups	Standard boat rental operations naturally provide conditions favorable for social distancing. Do not exceed mass gatherings of 10. The mass gathering limit refers to the patrons who cannot social distance.
# of People per Boats	Kayaks: 1, Paddle Boards: 1, Encourage family units only to use multiple person boats.
Visitor Flow	There will be a one way path for patrons to enter and exit to help assist in social distancing.
Sanitation & Cleaning	Clean and sanitize boats, paddles and lifejackets prior to first rental, and every time they are returned. Clean and sanitize frequently touched surfaces at regular intervals based on usage.
Hygiene	Reinforce frequent and proper handwashing for staff and encourage use of masks and gloves. Eliminate the use of cash register and exchange of payment. Fundamental cleaning and public health practices will be followed, including industry specific guidelines as provided on covid.ks.gov. Compliance with additional best practices guidance for our business sector.
Check-in/Check-out Procedures	Online payments and boat rentals are required through website. In person payments are NOT permitted.
Food & Beverages	To eliminate cash and payment transactions at the facility, will offer a beverage add-on with online reservations.
Visitors	All boat reservations will be checked in and checked out.
Signage	Signage will be displayed encouraging hand washing/healthy practices, social distancing, and describing what rule adjustments have been made. Staff should be empowered to enforce. One-way signage and/or tape should be used to limit patrons interactions. Restricting touching surfaces as much as possible.
